If such change restricts or reduces the amount of insurance or insurance coverage provided therein, or changes the name or names of the insured(s), the insurance carrier shall notify KCPL in writing of the nature of such change. The certificates of insurance required under a. above shall evidence this endorsement.
 - (c) **Workers' Compensation or Employer's Liability.** Contractor shall comply with all provision of all Workers' Compensation laws of the State or States having jurisdiction over the labor or services to be performed hereunder by the Contractor and will carry full insurance coverage or be authorized to self-insure liability to its employees under such Laws or Acts. KCPL shall not by reason of its inclusion under these policies incur liability to the insurance carrier for payment of premium for these policies.
 - (g) **Claims Made Policy:** If any insurance coverage is provided under a "claims made" policy, Vendor must maintain the policy for a minimum period of five years after the completion of the work.
 - (h) **Coverage for Work:** Vendor shall insure all equipment, materials and work against casualty loss until official acceptance by KCPL. Vendor shall be responsible for repair or replacement of all equipment, materials or work damaged by casualty.

Small Business Subcontracting Plan

This clause does not apply to small business concerns.

Definitions. As used in this clause—

"Commercial item" means a product or service that satisfies the definition of commercial item in section 2.101 of the Federal Acquisition Regulation.

"Commercial plan" means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (e.g., division, plant, or product line).

"Individual contract plan" means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

"Master plan" means a subcontracting plan that contains all the required elements of an individual contract plan, except goals, and may be incorporated into individual contract plans, provided the master plan has been approved.

"Subcontract" means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

The offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, HUBZone small business concerns, small disadvantaged business, veteran-owned business, and women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business, HUBZone small business, small disadvantaged business, veteran-owned business, and women-owned small business concerns, with a separate part for

the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the offeror ineligible for award of a contract.

The offeror's subcontracting plan shall include the following:

Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, HUBZone small business, small disadvantaged business, veteran-owned business, and women-owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs.

A statement of--

(i) Total dollars planned to be subcontracted for an individual contract plan; or the offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan;

(ii) Total dollars planned to be subcontracted to small business concerns;

(iii) Total dollars planned to be subcontracted to HUBZone small business concerns;

(iv) Total dollars planned to be subcontracted to small disadvantaged business concerns;

(v) Total dollars planned to be subcontracted to veteran-owned small business concerns; and

(vi) Total dollars planned to be subcontracted to women-owned small business concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to--

A firm may rely on the information contained in PRO-Net as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, HUBZone, small disadvantaged, small veteran-owned, and women-owned small business source list. Use of PRO-Net as its source list does not relieve a firm of its responsibilities (e.g., outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with—

Small business concerns;

HUBZone small business concerns;

Small disadvantaged business concerns;

(10) Assurances that the offeror will--

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;

(iv) Ensure that its subcontractors agree to submit SF 294 and SF 295.

A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, HUBZone small business, small disadvantaged business, small veteran-owned business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(F) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact--

(A) Trade associations;

(B) Business development organizations; and

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, small veteran-owned, and women-owned small business sources.

(v) Records of internal guidance and encouragement provided to buyers through--

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(A) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, HUBZone small business, small disadvantaged business, small veteran-owned, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, HUBZone small business, small disadvantaged business, small veteran-owned business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, HUBZone small business, small disadvantaged business, small veteran-owned business, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, HUBZone small business, small disadvantaged business, small veteran-owned, and women-owned small business firms.

(4) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, HUBZone small, small disadvantaged, small veteran-owned, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(f) A master plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the offeror by this clause; provided--

(1) The master plan has been approved;

(2) The offeror ensures that the master plan is updated as necessary and provides copies of the approved master plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial items. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Commercial plans are also preferred for subcontractors that provide commercial items under a prime contract, whether or not the prime contractor is supplying a commercial item.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) The failure of the Contractor or subcontractor to comply in good faith with--

(1) The clause of this contract entitled "Utilization Of Small Business Concerns"; or

(2) An approved plan required by this clause, shall be a material breach of the contract.

The Contractor shall submit the following reports:

(1) *Standard Form 294, Subcontracting Report for Individual Contracts*. This report shall be submitted to the Contracting Officer semiannually and at contract completion. The report covers subcontract award data related to this contract. This report is not required for commercial plans.

(2) *Standard Form 295, Summary Subcontract Report*. This report encompasses all the contracts with the awarding agency. It must be submitted semi-annually for contracts with the Department of Defense and annually for contracts with civilian agencies. If the reporting activity is covered by a commercial plan, the reporting activity must report annually all subcontract awards under that plan. All reports submitted at the close of each fiscal year (both individual and commercial plans) shall include a breakout, in the Contractor's format, of subcontract awards, in whole dollars, to small disadvantaged business concerns by Standard Industrial Classification (SIC) Major Group. For a commercial plan, the Contractor may obtain from each of its subcontractors a predominant SIC Major Group and report all awards to that subcontractor under its predominant SIC Major Group.

When contracting by sealed bidding rather than by negotiation, substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) The apparent low bidder, upon request by the Contracting Officer, shall submit a subcontracting plan, where applicable, that separately addresses subcontracting with small business, HUBZone small business, small disadvantaged business, small veteran-owned business, and women-owned small business concerns. If the bidder is submitting an individual contract plan, the plan must separately address subcontracting with small business, HUBZone small business, small disadvantaged business, small veteran-owned, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be submitted within the time specified by the Contracting Officer. Failure to submit the subcontracting plan shall make the bidder ineligible for the award of a contract.

30. Contractor warrants that the equipment, any embedded processor or firmware and software (collectively "Software") is "Millennium Compliant" (defined below). This warranty shall be perpetual and survive any other expiration of warranty period or the termination of this Agreement. For the purposes of this Agreement "Millennium Compliant" means:

(a) the functions, calculations, and other computing processes of the Software (collectively, "Processes") perform in a consistent manner regardless of the date in time on which the Processes are actually performed and regardless of the date input to the Software, whether before, on, or after January 1, 2000 and whether or not the dates are affected by leap years;

(b) the Software accepts, calculates, compares, sorts, extracts, sequences, and otherwise processes date and time inputs and date and time values, and returns and displays date and time values, in a consistent manner regardless of the dates used, whether before, on, or after January 1, 2000;

(c) the Software will function without interruptions caused by the date in time on which the Processes are actually performed or by the date input to the Software, whether before, on, or after January 1, 2000;

(d) the Software accepts and responds to two-digit year-date input in a manner that resolves any ambiguities as to the century in a defined, predetermined and appropriate manner; and

(e) the Software stores and displays date information in ways that are unambiguous as to the determination of the century.

31. The title of all materials and equipment furnished under this Purchase Order shall pass to KCPL upon transfer to the carrier. Title for items removed or to be removed from the site by Contractor as required by this Purchase Order shall pass to Contractor upon removal from each item's installed location.

32. Contractor shall retain an insurable interest in the materials and equipment and shall assume all risk of loss or damage to the equipment and material until official acceptance of the Purchase Order work by KCPL. Risk of loss for items removed from the site by Contractor shall pass to Contractor upon removal from each item's installed location.

33. Upon completion of any job, Contractor shall obtain and furnish to KCPL:

a) executed lien waivers, under oath, from all persons supplying materials in excess of TEN THOUSAND and 00/100 DOLLARS, (\$10,000.00) and any subcontracted services for such job, and

b) a completed and executed Vendor's Release of Lien and General Release, the form of which shall be supplied by KCPL. Contractor shall, upon request by KCPL, obtain executed lien waivers from all persons supplying materials and/or services for such job.

Contractor shall not permit a lien to be placed on any KCPL property by Contractor's subcontractors, agents, employees, or suppliers. Should KCPL receive notice of an intent to file a lien from any of Contractor's agents, employees, or suppliers, KCPL will notify Contractor. Upon receipt of notice from KCPL of the intent of one of Contractor's agents, employees, or suppliers to file a lien, Contractor shall immediately take any and all steps necessary, including paying an amount in dispute to the party intending to file such lien, to prevent the filing of such lien. If Contractor fails to prevent the filing of such lien, Contractor shall be responsible and liable for and shall indemnify KCPL for all of KCPL's costs, expenses

(including attorneys' fees), liabilities, damages, fees, penalties, judgments and settlement costs arising either directly or indirectly from the placement of such lien.

Notwithstanding any contrary provisions of this Purchase Order, the foregoing liabilities of the Contractor for the placement of a lien shall include consequential, indirect and incidental damages.
